CRIMINON MEANS "NO CRIME" | REHABILITATION IS POSSIBLE

1ST QUARTER 2020

The Way to Happiness. A common sense guide to better living.

Criminon Florida

is part of an international non-profit network dedicated to helping inmates learn to be productive members of society.

SOMETHING CAN BE DONE ABOUT IT

Using The Way to Happiness to make a positive effect on your environment

As you know, *The Way to Happiness* is the first course in the Criminon curriculum. It was written not only to be used by you, but also directly asks you to share it with others so that they may also live using its precepts (a general rule intended to guide behavior or thought). And if they themselves did so and passed it on to others... can you imagine a world where each person was using the twenty-one precepts from this book to make their lives and the lives of others happier?

In the very introduction of the book, Mr. Hubbard has this to say about how you can influence the happiness and survival of others:

"The happiness or unhappiness of others you could name is important to you. Without too much trouble, using this book, you can help them survive and lead happier lives. While no one can guarantee that anyone else can be happy, their chances of survival and happiness can be improved. And with theirs, yours will be."

So in this time when global events are making the world a less certain and less happy place, we are asking you to help us get *The Way to Happiness* into as many hands as possible and make a real difference where you can.

Let's come together to increase survival and happiness when the world needs it most.

WHAT CRIMINON STUDENTS ARE SAYING

THE WAY TO HAPPINESS

I've learned some very valuable skills and good moral conduct from this course. One of the most important things I've learned is that by practicing the virtues I don't have to conform to a negative environment but I can help to change and conform that same negative environment to a positive one. Doing this course has helped me to develop some very positive relationships. I've also learned of certain qualities I possess within. This course has showed me that I can start a new beginning regardless of my situation and circumstances! Thanks Criminon! I'm on my Way to Happiness!

| Johnny M.

HANDLING SUPPRESSION

Most importantly, this course has enabled me to be able to recognize those who wish me ill and those who should be my friend. I now possess the proper and needed information that will allow me to

choose my friends and acquaintances wisely. This course is a much needed curriculum that needs to be taught in an environment like prison. | Andre J.

LEARNING IMPROVEMENT

After completing the Learning Improvement Course I learned that I was skipping over words I did not understand when reading. I began to look up each word to find out this not only improved my vocabulary, but helped me retain the actual subject matter surrounding the misunderstood word. Thank you Criminon! | Gregory N.

THE TRUTH ABOUT DRUGS

While taking this course I became in touch with many things I had not dealt with or thought were problems. But the more I dug into myself and addiction I realized I thought I was dealing with everything by getting high. But I found that I was only making things worse for myself physically and mentally as well

as hurting my family. Now I want to live my life in a way that is pleasing and fulfilling to my family, myself and God. | Karen B.

PERSONAL INTEGRITY

We all make mistakes and when I would make a mistake I would dodge the person or situation hoping that it would blow over. But it didn't. Now when I mess up I'll go and admit to the wrong and that clears up the air so that we can move forward in our friendship. It helped me to be honest with myself and others. Thank you for all your help. | James F.

SUCCESSFUL PARENTING SKILLS

I have realized through the lack of skills how and why I felt and thought as I did growing up. I can much more easily understand children from this course's information. It's also a lot easier to use empathy with everyone, adults and children. I appreciate this course. | Dwayne D.

WANT TO SHARE WHAT YOU'VE LEARNED WITH OTHERS?

The best way to do this is to get OTHERS to sign up for The Way To Happiness Course so they can discover their own way to happiness. It's a fun game you can participate in. Just give a yellow card to someone who is not

already on the course, have them fill it out themselves, and then send it in. No postage is required. Or your friend can just write us a letter requesting to start The Way To Happiness Course. **YELLOW CARDS ARE FOR SIGNING UP NEW STUDENTS ONLY.** Earn a special commendation when three students you refer send in their first lesson.

WHAT CRIMINON STUDENTS ARE SAYING

A BETTERMENT FOR HUMANITY

This course has given me a lot: respect for myself and others, understanding of the basic needs in life to not only better myself but a betterment for all humanity... Applying these concepts, morals, etc. one can light that small flame within and make it expand until you have that aura of pure love and compassion for one another which will rub off on the next person, then the next, then the next. Thank you Criminon for turning that small flame into a raging fire within.

| **Donald M.**

UNDERSTANDING OF HOW TO LIVE MY LIFE

It was indeed a great pleasure and "great learnings" for me to complete the Criminon program. I like the word of encouragement that was noted at the bottom of my certificates which says: "There is no person alive who cannot make a new beginning." That is inspirational. All six courses have given me knowledge and understanding of how to live my life... I learned a lot from the Way to Happiness where practicality, discipline, responsibility and leadership are so vital for happy and peaceful living as is knowing about drugs, addictions and the serious consequences that come out of using them. | **Jerry S**
