## RESTORING SELF-RESPECT AND TRUST TO CRIMINON STUDENTS

### Courses to improve learning and help you get along better with others.

Congratulations to all the students who completed Criminon courses this quarter. In total there were 513 course completions! A special acknowledgment is due to those who completed all our courses and achieved the status of Criminon Stellar Student. See more

about becoming a Stellar Student on page 2.

Why should you do Criminon courses? Many students say they contain information you won't get anywhere else—vital information that will help you study and learn more effectively and get along better with others. The

way to make it through our series of life improvement courses is to do one after the other and keep on sending your lessons in to your supervisor on a regular basis.

Find out who else is a Criminon student at your institution. Get together and help motivate each other. You can set a good example and help others with a course you have already finished.

Enjoy the new success stories from the various courses we offer and from some of the Stellar Students. We get such wonderful success stories from you every day. They are your supervisor's reward for the volunteer time they so graciously give you. I hope these stories motivate you to finish the course you are on and get on to the next one.

If your name is not on the completions list, you

should get busy on your course and complete it as soon as you can. If you haven't heard from your supervisor lately, write to him or her and say, "I want to get moving on my course so I can finish it, get my certificate, and get my name on the next completions list!"

**Criminon Florida** is part of an international non-profit organization dedicated to helping inmates learn to be productive members of society.

# WHAT CRIMINON STUDENTS ARE SAYING

## THE WAY TO HAPPINESS

"Before I started *The Way to Happiness*, I was miserable. I had given up. I thought that my life was a waste. Now, by using the precepts I learned, I'm not only thinking differently, but I also started living my life differently. My entire mindset has changed. Instead of always seeing the negative, I now see the positive. I have made relationships that are strong and moral. Without this course, I would still be living a life that leads to nowhere. Now, I'm on my way to becoming someone I never thought I could be."

**Lonnie J. (Louisiana State Prison)**

## LEARNING IMPROVEMENT COURSE

"As simple as the skills taught in this course are, they are profound. I find myself using them in my studies over and over. At first, just knowing them made no difference. Putting them into practice showed immediate improvement. No one should consider themselves beyond these simple techniques. We are seldom as smart or skilled as we think or appear to be and never will be, unless we are open to relearning what we think we know."

**Frank H. (Okeechobee CI)**

## THE TRUTH ABOUT DRUGS COURSE

"Since I've been with Criminon, it's given me self-worth and given me a motivation to understand that drugs aren't a way to success.

This particular course has honestly opened my eyes to realize how I've actually been killing my brain cells and bringing myself to an early death. But this course has given me new hope with a fresh start of being productive and clean mentally and physically. I'm thankful for the confidence that Criminon has brought back to my life. Thank you!"

**Billy B. (Hamilton CI Main)**

## PERSONAL INTEGRITY COURSE

"The main thing I learned by doing this course was, if you do something wrong, by confessing and owning up to it, it clears the way to improve your life. I guess the old saying, "the truth will set you free" is right. It frees you of the guilt. That alone can't make up for what you did, but it is the start. If you can show that you really mean it and use it to become a better person, that's what matters. This course shows how one harmful act can alter your life and that in order to start a new life or better yourself, you must own up to it."

**Charlton L. (Jackson CI)**

## HANDLING SUPPRESSION COURSE

"I've gained an understanding of handling suppression. Many factors play a role in our lives, but it's up to us to change. We have a choice to be whatever we want. I've learned it's better to have knowledge about antisocial and also social personalities in order to make a correct assessment of whether

a person is either. I enjoyed this course. It was an eye-opener and now I'm observing and calculating others to see what type of person they really are."

**Anthony W. (Manatee County Jail)**

## PARENTING SKILLS COURSE

"This course really helped me to understand the difference of providing for a child and the proper way to raise a child. The harm that can be done by not allowing a child to help and make their own choices. Or by spoiling a child. It showed me different ways to handle a child's natural curiosity without yelling or physical abuse, ways I never thought to use. And it gave me information I can share with others to help them."

**William S. (Hardee CI)**

## STELLAR STUDENT

"I am at a loss for words of how I feel about this accomplishment that I've made. Most importantly the staff assistance in seeing me through every single course gave me the motivation to buckle down and challenge myself to learn and employ what I am learning on a universal basis when dealing with people and myself. The Criminon courses are phenomenal and have helped me to believe in me, by you all helping me have that extra push. Now I deal with negative circumstances the Criminon way, the best way."

**Keith S. (Mayo CI)**

## STELLAR SUCCESS STORY

"Through this program, I have learned where my problems had come from and why I would do the things I would do in order to run from them not realizing all it did was make matters worse. In time, through these courses, I have been able to apply what I have learned and overcome the demons in my past. Therefore, I will now be able to shape a positive presence in order to build a better future."

**Richard S. (Century CI)**
